

RULES for entering the technological sites OSK

A person entering the technological site (except for technological rooms MSC and MTS BA1 /"Tech Park"/, Kopčianska 92/C, Bratislava) is obliged to follow this instructions:

Every person (or the appointed supervisor in case of a group of people) **entering the technological site is obliged to familiarize** with the current situation on the technological site in advance in the following way:

- **OSK SIM** card owner will **send** a free* **SMS message with a technological site code** (in the form of "4 digits and a region code"), space, first and last name, space, the company name (e.g.: 0123BR Peter Novak Orange) **to the abbreviated phone number 2697** (digits 2697 correspond to letters BOZP on the phone keypad). Owners of **SIM cards of other mobile network operators** will send the SMS message to **0905112697**. For technical reasons, they will **receive the reply** SMS message from **2697** (SMS will be charged according to the valid price list of other mobile network operators. OSK has no impact on their charges).
Attention – The technological site code is always six-digit (including zeros) and without space, region code Bratislava – BR, Banská Bystrica – BB, Košice – KO.
The person entering the technological site will immediately receive SMS message with information about current security situation on the technological site.
- When entering the technological site on consecutive days, the person send SMS message prior to the first

entry to the technological site. On following days it is assumed that he knows current situation.

If entering person **finds out that the situation on the technological site has changed** (in comparison with information stated in SMS received before entering the site), **he is obliged to send the details about current situation on bozp@orange.sk** (technological site code, current situation, **photos** if possible).

This obligation is related to the changed situation (in comparison with SMS message received – e.g. dangers related to OHS not mentioned in SMS) or to any other situation (e.g. a new situation after finishing the work, new potentially hazardous situation – e.g. after a check of the technical condition of the equipment, missing security etc.). The person is allowed to conduct only no life and health threatening activities. If an imminent danger occurs, the person is obliged to stop the work, leave the place, go to safe place, report the situation to the surveillance centre E/// and send the details about current situation on **bozp@orange.sk**.

*When sending SMS message to abbreviated phone number, some mobile phones are preset for sending the notification that this type of SMS message is charged. This does not apply to OSK SIM cards when sending SMS message to abbreviated phone number 2697 as well as 0905112697, this SMS message is free of charge.
